OPPORTUNITIES

14th-20th October 2024 is Recycle Week. It's the one week of the year where retailers, brands, waste management companies, trade associations, governments and the media come together to achieve one goal: to galvanise the public into recycling more of the right things, more often.

This year's Recycle Week theme is 'Rescue Me'; focusing on rescuing recyclable items from the rubbish bin.

We would consider jobs that promote recycling, Co2 reduction and the promotion of enrivonmentally friendly causes a "green job". Here is a blog from the National Careers Service that tells you everything you need to know about Green Jobs.

If you're feeling inspired and think you might like to work in a green job in the future, check out this Green Jobs board which shows you a range of roles available, how much you could earn and the sort of things you'd be responsible for in each role.

If you want to understand more about the industry, check out these virtual work experiences on Springpod:
