

# Year 7

## 1. Fantastic Places

I can define geography and identify human and physical geographies

I can describe geography at a global scale including continents

I can examine geography at a national scale for different countries

I can assess geographies at a local scale including cities and schools

### Assessment – Fantastic Places Exam

## 2. Mapping

I can use and identify different kinds of maps at different scales

I can identify and assess places using 4- and 6-figure grid references

I can use a map to give direction, measure distance and height of land

I can use GIS to analyse geo-spatial data

### Assessment – Map Skills

## 3. The UK

I can identify the human and physical features of the UK

I can examine the physical geography of the UK including the climate

I can examine the human geography of the UK including population

I can assess some of the challenges faced across the UK

### Assessment – The UK Exam

## 4. Tourism

I can define tourism

I can use map skills to analyse the location of tourist sites worldwide

I can evaluate the positives and negatives of tourism

I can assess the impacts of tourism on HICs and LICs

### Assessment – Country Study Project

## 5. Natural Wonders

I can identify similarities and difference between hot and cold deserts

I can analyse the threats that face coral reef ecosystems

I can examine the physical geography around deep oceans

I can assess the different geographies of volcanoes

### Assessment – Natural Wonders Project

# Year 8

## 1. Global Ecosystems

I can identify the location and conditions of the world's ecosystems

I can analyse the physical features of the Tropical Rainforest

I can evaluate the causes and impacts of deforestation

To assess how the problems facing rainforests can be solved

### Assessment – Global Ecosystems Exam

## 2. Population

I can use map skills to describe where people live in the world

I can analyse population structure using graphs and pyramids

I can assess the impacts of overpopulation and population control

I can evaluate the positives and negatives of migration

### Assessment – Population Exam

## 3. Coastal Landscapes

I know why coasts are important to people

I can identify the physical processes that affect the coast

I can examine the formation of different coastal landforms

I can evaluate the different techniques to protect the coast

### Assessment – The UK Exam

## 4. Urban Issues

I can define urbanisation

I can explain how urbanisation and regeneration occurred in the UK

I can explain how urbanisation creates opportunities and challenges in LICs

I can examine how cities can be made more sustainable

### Assessment – Design a City Project

## 5. Managing Resources

I can define resources and explain why they are important

I can analyse the uneven distribution of resources worldwide

I can explain the impacts of limited resources

I can assess the sustainability of different resources

### Assessment – Managing Resources Exam

# Year 9

## Topics I am going to study this year

### 1. Tectonic Hazards?

- What is the structure of the Earth?
- What are tectonic plates and why do they move?
- Why do earthquakes occur?
- Why do the impacts of earthquakes differ between HICs and LICs?
- What are the impacts of volcanic eruptions?
- What are the causes and impacts of tsunamis?

### 2. International Development

- What is development and how can it be measured?
- How does the Demographic Transition Model link to development?
- What causes of uneven development
- What are the impacts of uneven development
- How can the development gap be reduced?

### 3. Weather hazards and Climate Change

- What causes weather and how can weather be measured?
- Why does it rain?
- What is air pressure and how does it affect weather?
- Why is the UK weather so changeable?
- What factors affect global climate?
- What is the evidence for climate change?
- What are the causes and impacts of climate change?
- How can we respond to the threat of climate change?

### 4. Superpowers

- What makes a country a superpower?
- Who are the superpowers of the past and present?
- Who are the BRICs and why might they be the next superpowers?
